2023-24 Friday School Exemption Form

At The Campus, Friday school is a required school day for elective credit and attendance purposes. The opportunity exists, however, for your student to be exempt on Fridays, provided there is a school and parent/guardian approved extracurricular activity for which The Campus can award elective credit (job, internship, consistent lessons, etc.). In order to take part in this opportunity, this Exemption Form will need to be submitted, and students will be required to record their hours in the extracurricular activity. An hours log totaling at least 75 hours of the same extracurricular activity will need to be submitted to the guidance counselor at the end of the semester.

Student Name: _____

Describe the extracurricular activity in which you will be participating. Please be specific. (What will you be doing? Where will you be completing these hours? When during the week will you be working towards this credit?)
